GROUP OF INSTITUTIONS

Dr. Mrs. Elizabeth Verghese
Chairperson

## "A journey of thousand miles start with a single step."

Hindustan Group of Institutions (HGI) came a long way to be in where it is today. True to the guiding principle of the Founder, Dr. K.C.G. Verghese's vision, "To Make Everyman a Success and No Man a Failure" and the institution's unrelenting pursuit of excellence have helped HITS to progress into the behemoth it is today. The institutions has been steadfastly forging ahead its excellences both in the fields of research-oriented education as well as commitment to various social services for many years.

Along with our core mission, HGI also actively undertakes the socially empowering schemes such as imparting informal technical education and training especially in the domains of Engineering, Aviation, Management and Applied Science to the lesser privileged members of society. Today with the vision of our founding father as the linchpin of HGI' success coupled with our enviable faculty, state-of-the-art infrastructure and enthusiastic students, the institution has reached at the forefront in providing the quality education. As a result, over the years, the students from HGI managed to get many lucrative positions across the global competitive job markets from the disciplines such as Aviation, Automobile, IT, Infrastructure etc. Nothing brings us more sense of fulfillment and contentment than the success our students are achieving year after year. I sincerely wish and pray that we could serve the society with same fortitude and commitment in many more years to come.

HINDUSTAN GROUP OF INSTITUTIONS

The Hindustan Group of Institutions (HGI) was founded in 1966 by the Late Dr. K.C.G. Verghese. Way back in the sixties, he realized the need for an institution that offers non-formal technical education to set up Hindustan Engineering Training Centre (HETC). Today, the Hindustan Group includes several institutions unified by the Founder's vision of imparting quality education in the fields of Engineering, Aviation, Applied Science and Management.

- Hindustan Institute of Technology & Science (Deemed University)
- KCG College of Technology
- Hindustan Institute of Engineering Technology
- Orient Flights Aviation Academy
- Hindustan College of Arts & Science
- Hindustan International Schools
